Faculty of Engineering and Information Technology
The University of Sydney
New South Wales 2006

Education

The University of Sydney NSW, Australia

Doctor of Philosophy *March 2017 – May 2021*
Thesis: Direct numerical simulation of an unsteady natural convection boundary layer
Advisors: Dr. Nicholas Williamson & Prof. Steven Armfield

The University of Sydney NSW, Australia

Master of Professional Engineering *March 2015 – December 2016*
Advisors: Dr. Nicholas Williamson & Prof. Steven Armfield

East China University of Science and Techonology Shanghai, China

Bachelor of Engineering *September 2010 – July 2014*

Research Interests

Buoyant Driven Flows, Turbulent, Direct Numerical Simulations, Boundary Layers, Convection

Publications

Ke, J., Williamson, N., Armfield, S. W. Temperature-dependent fluid property effects on the linear stability of a vertical natural convection boundary layer. (Submitted to *Journal of Fluid Mechanics*)

Ke, J., Williamson, N., Armfield, S. W., & Komiya, A. (2023). The turbulence development of a vertical natural convection boundary layer. *Journal of Fluid Mechanics*, 964, A24. (Also featured in *Focus on Fluids*, Andrew J. Wells. (2023). From classical to ultimate heat fluxes for convection at a vertical wall, *Journal of Fluid Mechanics*, 970, F1.)

Ke, J., Williamson, N., Armfield, S. W., Komiya, A., & Norris, S. E. (2021). High Grashof number turbulent natural convection on an infinite vertical wall. *Journal of Fluid Mechanics*, 929, A15.

Ke, J., Williamson, N., Armfield, S. W., Norris, S. E., & Komiya, A. (2020). Law of the wall for a temporally evolving vertical natural convection boundary layer. *Journal of Fluid Mechanics*, 902, A31.

Ke, J., , Williamson, N., Armfield, S. W., McBain, G. D., & Norris, S. E. (2019). Stability of a temporally evolving natural convection boundary layer on an isothermal wall. *Journal of Fluid Mechanics*, 877, 1163-1185.

Ke, J., Williamson, N., Armfield, S. W., Norris, S. E., & Kirkpatrick, M. (2018). Direct numerical simulation of a temporally developing natural convection boundary layer on a doubly-infinite isothermal wall, *In Proceedings of IHTC-16. Begell House.*

Scientific Service

Peer review for *Journal of Fluid Mechanics*: Apr-2023, Aug-2023, Oct-2023.

Conferences & Talks

Invited Keynote: In 12th Australasian Natural Convection Workshop, Melbourne, VIC Australia, 30 November-1 December 2023

American Physics Society, Annual meeting of the Division of Fluid Dynamics, Washington DC, 19–21 November, 2023.

In 23rd Australasian Fluid Mechanics Conference, Sydney, NSW Australia, 4-8 December 2022

Invited Keynote: In 12th Australasian Heat and Mass Transfer Conference, Sydney, NSW Australia, 30 June-1 July 2022

In 18th International Conference on Flow Dynamics, Sendai, Miyagi Japan, 28-29 October 2021.

In 22nd Australasian Fluid Mechanics Conference, Brisbane, QLD Australia, 7-10 December 2020.

In 11th Australasian Natural Convection Workshop, Sydney, NSW Australia, 9-10 December 2019.

In 17th European Turbulence Conference, Torino, Italy, 3-6 September 2019.

Invited talk: In Australia-Japan Fluid Dynamics Workshop, Sydney, NSW Australia, 31 January-1 February 2019.

Invited talk: In the Centre of Wind, Waves and Water, Sydney, NSW Australia, 22 June 2018.

In 16th International Heat Transfer Conference, Beijing, China, 10-15 August 2018.

In 10th Australasian Natural Convection Workshop (won the Best Student Paper), Auckland, New Zealand, 30 November-1 December 2017.

Research Experience

Postdoctoral Research Associate *March 2021 – Present*
School of Aerospace, Mechanical and Mechatronic Engineering, The University of Sydney NSW, Australia

Visiting Researcher *September 2019 – October 2019*
Advanced Fluid Information Research Center, Institute of Fluid Science, Tohoku University Sendai, Japan

Teaching Experience

Lecturer/Unit of Study Coordinator *February 2022 – Present*
Faculty of Engineering and IT, USyd NSW

- Deliver lectures and coordinate the UoS. This includes providing the teaching materials and resources, as well as administering the assessments. Course includes: Engineering Analysis/Biomedical Engineering II/Biomedical Engineering Mathematical Modelling (AMME2000/BMET2960/BMET9960)

Teaching Assistant *March 2017 – Present*
Faculty of Engineering and IT, USyd NSW

- Deliver tutorial and lead discussion sessions to reinforce material covered in lectures. Supervise quizzes and evaluate student assignments, quizzes, exams, and other assessments. Course includes: Fluid Dynamics II (MECH3261), Thermal Engineering II (MECH3260), Advanced Computational Fluid Dynamics (AMME5202)

Honors & Awards

Focus on Fluids, *Journal of Fluid Mechanics*, Cambridge University Press. *2023*

Postgraduate Research Support Scheme, Faculty of Engineering and IT, USyd *2018, 2020, 2021*

Charles Kolling Travelling Fund, Faculty of Engineering and IT, USyd *2019*

Best Student Paper Award in 10th Australasian Natural Convection Workshop *2017*

Natural Convection Supplementary Scholarship, Faculty of Engineering and IT, USyd *2016*

USyd-IS Strategic Scholarship Award, USyd *2016*

Dean's Excellency Award, Faculty of Engineering and IT, USyd *2015*

Merit Academic Award, Faculty of Engineering and IT, USyd *2015*

Third Prize Scholarship, East China University of Science and Technology *2014*

Fei-yang Award, East China University of Science and Technology *2014*
